"Out for New Subscribers".

Are you with us?
The Central Record wants many
more subscribers in its big happy fam-
ily and is willing to pay liberally to
those who aid in placing this interest-
ing weekly paper in every home in this
vicinity.

In the past there has been several
contests in this vicinity but we believe
that the prizes offered in this coming
campaign under the most liberal con-
ditions will appeal to more people and
give them something of greater value
to work for.

The Central Record has consistently
stuck to the policy of giving its read-
ers the very best possible value for
their money, something in keeping
with its position in this vicinity, some-
thing that is fair and honest, while at
the same time maintaining the high
standard that the Record has always
fought for, both as a newspaper and as
a moral influence in this part of the
state.

HERE IS THE IDEA.

In the next few weeks, the Record
is going to give away absolutely free a
beautiful Pony, Buggy and set of Har-
ness, three Diamond Rings, Three El-
gin Watches, three Ruby Rings, and
three Genuine Cut Glass Fruit Bowls
to the popular and energetic people of
this vicinity in return for a little of
their spare time. The Record wants
new subscribers and has gone to this
great expense of buying the prizes in
order that it may get them quickly and
at the same time advertise the paper
extensively.

DIVIDED INTO DISTRICTS.

The contest territory will be divided
into districts and contestants need only
compete against those in their own
district for any of the district prizes.
This gives them a much better oppor-
tunity to win than they have had heretofore
in contests in this vicinity.

HOW TO GET STARTED.

Clip, fill in the nomination blank
found elsewhere in this issue with your
own name or that of a friend and bring
or mail to the Contest Manager, care
Record, Lancaster, Ky. You will
thereby become a candidate and im-
mediately upon the receipt of the nomi-
nation blank, properly filled out, the
necessary printed matter and instruc-
tions will be sent you.

WHO MAY ENTER.

Any white person of good character,
residing in this section of Kentucky, is
eligible to enter. It does not cost any-
thing to enter or try for the prizes.
The nomination blank counts 1,000
votes for the candidate so nominated.
The prizes will be given to those se-
curing the most votes and votes may
be clipped from the paper or secured
on subscriptions. The ballots which
appear in each issue of the Record are
good for 100 votes each, if voted be-
fore date of expiration printed on the
coupon. The vote ballots issued on
subscriptions according to the length
of the subscriptions as shown else-
where in this issue. Under the con-
test arrangement, you need only to
compete against the contestants in
your own district for any of the dis-
trict prizes.

There will be at least four prizes
awarded to each district. Contestants
and their friends are not confined to
their own district in securing subscrip-
tions, but may secure subscriptions
from anyone, anywhere in the postal
union.

ager—not to individuals

How Votes Are Secured.

Votes may be secured in two ways
which are as follows: 1st. A vote
coupon appears in each issue of the Cen-
tral Record and this coupon when prop-
erly filled out with the name of the
candidate is good for 100 votes for the
person so nominated. Get your friends
to save the votes for you. 2nd. The
second, which is by far the quickest
and best way is to get your friends to
subscribe to the Record. With each
subscription to the Record is given a
Vote Ballot good for a certain number
of votes according to the length of the
subscription. These votes are good at
any time up to the close of the contest
and may be polled and published when-
ever the contestant chooses. The
nomination blank counts for 1,000 votes
for the candidates so nominated.
Nominations and votes may be placed
in the Ballot Box which is to be found
at the Record Office, or they may be
mailed direct to the Contest Manager.

We are authorized to announce the

following candidates for city offices.

For Police Judge.

E. W. HARRIS.

J. P. PRATHER.

We hope and honestly believe that the City Council has about reached a satisfactory solution of a problem that has been a thorn in their side since their induction into office, and which harasses their predecessors before them, namely the proper and adequate filtering of the city water. The water works plant in Lancaster, while the greatest improvement ever made in the city, and which we could not possibly get along without, has been a source of much annoyance, to say nothing of expense, and upon the shoulders of the city council has rested all the responsibility, and upon their heads has fallen all the blame. It is the opinion of many of our citizens that when the plant was first constructed that the proper steps to have been taken would have been to have gone to Dix river, and this is doubtless true, but they did not, and that is a matter which is past mending. When it was determined to increase the capacity and make other improvements,

it was again thought that we should go to Dix river, but with the amount of funds available, \$12,000, which was all for which bonds could be voted, this was impossible and the city council was compelled to do the best they could with the old plant. In their efforts they have been peculiarly unfortunate, and have to use a common expression "got in bad," have made mistakes, but who of us does not, and there is not a person but will give them credit for having done what they thought was for the best, and to have used the funds at their disposal to what they thought was the best advantage. They are indeed fortunate, that with their many misfortunes they yet have funds remaining sufficient to give us a water plant that will answer all of our purposes for many years to come, and if the time ever comes when we find it inadequate, then may we find it possible to draw upon the waters of Dix river to supply our demands.

Biggest July business so far we have ever had, there is a reason, high grade goods at low prices.

H. T. Logan.

Schools Open.

The public schools of the county, with the exception of two or three where new houses are being built, opened up Monday morning under most auspicious circumstances, and with ever promise of a profitable year.

Secretary Bright.

Mr. H. C. Bright, the efficient secretary of the Danville Fair, was in our town Tuesday advertising that much looked for event the Danville Fair. The catalogs are out and chucked full of interesting rings, well displayed ads, and liberal premiums.

Arm Broken.

Donald Pointer the five year old boy of Alfred Pointer had the misfortune to break his arm at his home near town last Friday evening. It was successfully set by Drs. Kinnaird and Acton and we are glad to say is now doing nicely.

Ice Cream Supper.

The Ladies Aid Society of the Pleasant Grove Church will serve ice cream on the lawn of the Church next Tuesday evening, July 15th. The small admission of twenty five cents will be charged and knowing how well and bountifully the ladies serve the public on occasions of this character, a large crowd is assured.

Splendid Wheat Crop.

Under the influence of favorable weather, wheat threshing is under full headway and every pike has a threshing machine on it. The quality is the best in years and the yield is splendid, fully making up for the shortage in the acreage. Local dealers are paying in the neighborhood of 90 cents, but the price fluctuates from day to day, governed by the market, but this seems to be the prevailing price.

Mrs. Margaret Lynn Dead.

Mrs. John M. Mount of this city has the sympathy of the entire community in the death of her mother which occurred on the 3d inst in Stanford. The deceased was the widow of the late James Lynn and was one of Lincoln county's most estimable women. She had been in failing health for some time, but had only been confined to her bed for about two weeks. Her remains were interred in Buffalo cemetery in Stanford on last Friday afternoon.

Church Services At Auditorium.

Owing to the final decorations being put on at the Christian church, it will be impossible to hold the regular morning services there next Sunday and through the generosity of the school trustees, the Auditorium has been tendered for this service. The entire Bible school will hold its session there besides the regular morning services. The church will be completed entire in about ten days, when all regular services will be conducted there without further interruption.

Lincoln County's Fair.

With nearly two hundred enthusiastic Kay Peas to back it up and working like trojans to make it a success, Stanford is to have one of the best Fairs this year in her history. Their premium list far surpasses any heretofore given and this alone should insure them a large exhibit. Mr. Crit Eubanks and W. P. Kincaid were here Tuesday in the interest of the Fair and were quite successful in securing special premiums and other advertisements.

Another Old Landmark Disappears.

The "Old Ark", the one on "the Chute", not the one that landed on Mt. Aararat, although it closely resembles the biblical description of that structure, is being torn down, and some neat tenement houses will in all probability be erected in its stead. The old structure is one of the oldest houses in Lancaster, and was in all probability erected by the father of Mrs. Elizabeth W. Smith, who occupied it first. The property belongs to Mrs. Smith and is under the charge of Mayor Logan.

Good Old "Auntie" Passes To Her Reward.

"Aunt Jule" Bottoms, a splendid old colored woman, one of the few old "Black Mammies" remaining in the county, died at her home on the farm of Mr. Richard Burton near Bryantsville Sunday night and her remains were laid to rest in the Lancaster cemetery on Tuesday. Aunt Jule came to this county with the family of the late Duncan C. Goodloe when they moved here by Boyle, and when the family moved away, she remained in the county, and of late years has lived at Mr. Burton's.

Wants To "Put It Under The Rooster" Once More.

Uncle Pete Howe, for many years a respected citizen of the Paint Lick neighborhood, but who is spending his declining years in the beautiful home for Confederate soldiers at Pewee Valley, is back in the county where he will remain until after the primary election, and in all probability until after the general election in November. Uncle Pete is 84 years of age and never misses an opportunity to stamp under the rooster. He was a stalwart champion of the "lost cause", and is being warmly greeted by his former companions in arms and a legion of friends.

Sad Death Of Young Woman Well Known In Lancaster.

Mrs. Ada Brown, wife of Mr. Russell P. Brown, son of Dr. and Mrs. E. J. Brown of Stanford died at their home in Liberty on last Thursday night after a short illness and her remains were interred in the cemetery at Middleburg on the following Saturday morning. The deceased was a daughter of Dr. and Mrs. I. S. Wesley, who formerly resided in Lancaster, and though but a child when they left here, little Ada gave promise of becoming a beautiful woman. The many friends of the family deeply sympathize with them and with the young husband in their great loss. Russell Brown is a nephew of Mr. and Mrs. W. H. Brown of this city.

Uncle Dave Ross' Name Inadvertently Omitted From List Of Candidates For Jailor Of Garrard County.

Through an oversight upon the part of one of our compositors the name of Uncle Dave Ross was inadvertently omitted from the list of candidates for the democratic nomination for jailor in last week's issue of the Record. Uncle Dave readily appreciated the cause of this omission, but nevertheless we are exceedingly sorry that the oversight occurred. This clever gentleman filed his petition in simple time and his name will appear under the roster at the August primary much to the gratification of his legion of friends through the county who insist that "Uncle Dave" is a sure winner.

Liberal Donation.

Prof. J. L. Riley has donated about 100 books to the library of the graded school. This is exceedingly liberal on the part of Mr. Riley and very much appreciated by the ladies who have this noble work in charge.

Danville Likes Our School Building.

Messrs Guy Wiseman, J. A. Quisenberry, G. W. Welsh, and Prof. Cheek of Danville were here last week to inspect the new Graded School building with the view of erecting a dormitory at Womans College, of which they are trustees. After examining the building thoroughly all agreed that it was without a flaw and were generous in their praise both from the architect and the contractors.

Another Error Corrected.

We were unable to secure a list of the candidates who had filed their petitions to have their names placed upon the ballot for the August primary until a short time before going to press last week, and as is often the cases in such instances, errors unavoidable often creep in. We gave the name of Mr. Walter Casey as a candidate for constable on the democratic ticket in District No. 3, when in fact Mr. Casey is a candidate for magistrate in that district and upon the republican ticket.

Dangerous Looking Specimens.

Mr. John Henry who has just returned from a visit to relatives in Crystal City Tex., brought to the Record office a specimen of tarantula and one of a centipede which he captured while in Texas. They are safely enclosed in jars of alcohol and are worth inspecting. They are venomous looking insects and Mr. Henry would doubtless be much safer in cultivating his Garrard county farm than chasing either of these Texas products, as the sting of either of them is sure and certain death unless you can secure the immediate assistance of a physician.

Catalogs Out And Woman's Fair An Assured Success.

In anything that is attempted by the people of Lancaster their efforts are usually crowned with success. Such can be and will be said of the Woman's Fair that is so near upon us. The head of each department is working hard to make hers the most interesting and is now assuming proportions that the good women never dreamed of.

A five dollar prize will be given to the most interesting exhibit, and the winner is to be decided by the public who will be entitled to vote, a card for that purpose being handed you upon admission to the grounds. Applications are coming in every day for entry blanks from different parts of the state, in fact quite a number from out of the state, which insures quite a little competition in every ring. They have secured Saxton's band of Lexington, which will undoubtedly add very much to the entertainment of the crowd that will always turn out to hear good music. The "Better Babies" contest is sure to attract many entries. The prettiest baby is to be superseded by the healthiest baby. Clothes will cut no figure in this contest, nor will dimples or pretty eyes. He will be clothed as he came into the world and win or lose according to his physical merits, unaided by the arts of the toilet. They will be judged by measurement, chest development, weight, height, muscle, hand grasp, vision, hearing, observation and so on. All children between the ages of 9 and 18 months are eligible. As is stated in their introductory, in their catalog just issued, the Fair is given primarily to assist in defraying the expense of furnishing in a suitable manner, the handsome new school building in which the Fair is being held, and which the promoters of the exhibition feel that the ladies of the community should have a share and part. Another object is to create an interest in woman's handiwork and to bring to the notice of the public, the work of the ladies of the community. The catalogs are out and can be gotten by dropping a line to the Secretary, Mrs. Fred P. Friable.

Democratic Postmaster At Paint Lick.

Mr. Ernest Woods informs us that he will assume the affairs of the post office at Paint Lick this week. Mr. Woods will succeed the late A. B. Estridge, whose son has been attending to the office since his death. Mr. Woods' name was certified together with the names of two other applicants who stood successful civil service examinations for the office, and Mr. Woods was appointed.

Painful Accident.

Miss Ada Rich, daughter of Mr. S. L. Rich, and one of the popular school teachers of our county, met with a painful accident near town, Tuesday afternoon, which resulted in the breaking of her leg just above the ankle. The horse she was driving became frightened at a covered wagon and began to run, when Miss Rich attempted to jump she was thrown violently to the ground. Dr. Acton was called and the limb was set and he tells us she is doing well and no serious results are expected.

Prof. Waterbury Resigns Principalship Of Paint Lick Schools And Is Succeeded By Prof. London Of Bowling Green.

Prof. G. L. Waterbury recently tendered his resignation to the Board of Principals of Consolidated School at Paint Lick, which resignation has been accepted and Prof. R. A. London of Bowling Green Ky, has been chosen to succeed him. Prof. Waterbury will accept a more lucrative position at Union City Tenn. While in charge of the school at Paint Lick Prof. Waterbury has given splendid satisfaction and upheld the reputation he bore when he came to this county of being a splendid educator, and it is with sincere regret that he was allowed to sever his connection with the school. Prof. London who succeeds him comes with the highest recommendations, and will no doubt maintain the excellent standard to which the Paint Lick school has been brought by Prof. Waterbury.

Carter.

Mrs. Pauline Carter died at the home of her nephew George B. Allen in Denver Colorado on the 3d inst. Mrs. Carter went to Colorado a little over a year ago for a visit to her relatives, and had often expressed her intention of returning to Lancaster and spending this summer with her sister Mrs. J. B. Conn. She was stricken with paralysis in last March and never fully recovered.

Mrs. Carter before her marriage to Mr. J. Bynum Carter was Miss Pauline Allen, a daughter of Granville and Cynthia Allen of Lincoln county, but shortly after her marriage moved to this county and settled near Cartersville, where they lived continually until the time of the death of her estimable husband, which occurred in 1908. Mrs. Carter was in her sixty ninth year at the time of her death. She is survived by one brother Mr. John T. Allen of Cartersville, one half brother Mr. W. L. Allen of Richmond Ind. and two half sisters, Mrs. J. C. Bolton of Texas and Mrs. J. B. Conn of Lancaster. After funeral services at Chapel church on last Tuesday conducted by Rev. R. N. Jordan assisted by Rev. J. E. Roberts, all that was mortal of this splendid old lady was placed at rest in the beautiful little cemetery adjoining the church.

Mrs. Carter had long been a zealous member of the Methodist church and she had materially assisted her late husband in the advancement of the Master's cause in the locality in which they lived. They were the prime movers and furnished substantial aid in the construction of the "Chapel" in which both of them took great pride. Mrs. Carter was a lovable character, charitable to a fault, kind and tender hearted, good friend and neighbor, she held the love and esteem of the entire community in which she had so long been a leading member.

Mr. H. V. Bastin Buys Property.

Mr. A. H. Bastin informs us that we were mistaken in our statement that he purchased the two pieces of Richmond street residence property of Mr. H. C. Hamilton for \$5,000., but that his son Mr. H. V. Bastin purchased the property which he now occupies, and that he Mr. A. H. Bastin purchased the residence occupied by Mr. Hamilton, and that the prices paid for the two places were private.

Charley Adams Is Seriously Hurt By Being Thrown From Motorcycle.

News was received here Sunday evening of the serious injury to Charlie Adams, by being thrown from his motorcycle while on his way from Lexington to High Bridge last Sunday. His father and mother are at his bedside and at this writing report him doing fairly well. Charlie has a host of friends here who regret to know of his injuries and trust that they are not so serious as was at first thought. The Lexington Herald gives the following account of the accident:

Charles Adams, clerk in a store at Yarnallton, was severely injured about 2:30 o'clock Sunday afternoon, when a motorcycle on which he was riding crashed into the ditch at a point near High Bridge. Mr. Adams, with a party of motorists, was going to High Bridge and ran into the ditch in an attempt to avoid an approaching automobile. He was brought to this city in the automobile and placed in the Good Samaritan Hospital, where he was resting very well late last night.

He was knocked unconscious from the fall on his machine and did not regain consciousness until after 10 o'clock last night. His back was wrenched and he sustained bruises on his face and arms. Physicians said last night they did not think his injuries would prove serious.

Mr. Adams is a son of Jack Adams, Lancaster, and is well known here. A dozen young men were in the party, some going to Tyrone and some to High Bridge, and all riding motorcycles.

At Last We Are To Have A Filter Which We Have Every Assurance And Believe Will Filter.

The City Council are taking active steps toward the construction of a filter, which will furnish the people of Lancaster pure water in sufficient quantities to answer all purposes. The material is already purchased and will be shipped in a short time, as soon as the factory can shape it to the proper dimensions, and the matter of placing it in position will be of small moment. The new structure is to be built upon the same plans used by The Greer Filter Mfg. Co. in the construction of the miniature affair now at the water plant, but that plant will be no part of it. The new filter will be constructed between the dam and the power house; it will be 18 X 24 feet and 6 feet in

depth and will have a filtering capacity of 180,000 gallons every 24 hours. The plans for the proposed new filter have been submitted to Prof. E. H. Markt, State Sanitary Engineer, and have his approval, and in his opinion will be wholly adequate to what is required of it. There is a sufficient amount of money at the disposal of the Council, which was appropriated by the sale of bonds, to complete the work and a slight balance left with which to make some other needed improvements around the water plant.

The City Council have certainly had no end of trouble over the filter proposition, and it is sincerely hoped and believed that they are now upon a course which will bring them success in the matter of purifying the city's water supply.

Good Roads.

Inasmuch as the question of good roads will be before the next Legislature for action of some kind, it seems that the question of a comprehensive plan should be discussed beforehand, and by way of suggestion I desire to present a few thoughts on the subject. That the Legislature should provide that when any county not heretofore helped by the state shall construct 10 miles or over of metal or gravel road of the prescribed grade and width and depth of metal, when accepted by the state engineer the state will pay to said Co. 50 per cent of said cost, excluding the cost of surveys and right of way, provided the road is built to connect with another county seat or to intersect with an existing road. In those counties heretofore helped the state will pay 25 per cent of the cost under the same conditions. This plan will be conservative and eliminate graft as to the best means of raising the money to pay for the roads. I may have something to say later.

Respectfully Submitted,

Alex R. Denny.

Fathers Love.

We hear about a mother's love
In story and in song,
How staunch it is thro' thick and thin
How tender and how strong
How sweet and pure and beautiful
And every word is true,
But what about a father's love
That claims some credit, too.
It's father delves the darkest mine,
And climbs the girders high,
And swings upon the scaffolding
Between the earth and sky,
It's father bends his aching back,
And bows his graying head,
To bear the burdens of the day
And earn the children's bread.
For both must work and both must plan
And do an equal share,
To rear the little ones the Lord
Has trusted to their care.
And honor to the mother love,
The universe it fills,
But when you praise it don't forget
That father pays the bills.

Mrs. Rufus Moss and daughter Miss Josephine have returned from a visit to relatives in Nicholasville.

An Ice Cream supper will be given by the ladies of Pleasant Grove church in the church yard next Tuesday evening.

Mrs. J. B. Kemper entertained a few friends at dinner last Thursday. The guest of honor was Mrs. Betsy Kemper of Kansas City.

Mrs. J. B. Kemper has in his possession a curiosity in the way of a humming bird's nest. No other bird perhaps could plan a structure so delicately and faultlessly made. Seemingly the builder was an artist. The little nest which would comfortably hold a quarter of a dollar is built of hair, lined with a sort of white silky stuff the fiber of which is softer than cotton, and was securely fastened on a limb of a tree. While the side of the nest is covered with gray moss each piece held firmly in place by a sort of glue. There were two tiny white eggs in the nest when found no larger than a garden pea.

Election will be held in the Masonic hall. Our school terms here have always been too short for pupils to make much headway in their studies and it is hoped the measure will carry by a good majority. As the ladies are legal voters in school elections it is believed they will favor the cause of education.

Mrs. George W. Naylor was found dead in bed last Friday morning when she was called for breakfast. While she had been a sufferer for years with a minor heart trouble, she was not sick nor had not been sick for some time and her death so sudden came as a great surprise. Her sister, Miss Kate Payne, had been her guest the evening previous, and the deceased was in fine spirits and had sat up till ten o'clock talking with the family. Mrs. Edward R. Hewitt, president of the Woman's Municipal League, was discussing in New York the movement for cleaner streets.

"Now that woman has gone in for cleaner streets," she said, "we'll probably get them. Don't mistrust woman's influence. It is everywhere at work."

Then, with a smile, Mrs. Hewitt uttered this epigram on her sex's behalf: "Few are the men who would have reached the top of the ladder if their wives hadn't steadied it for them."

The Salesman's Sermon.

"Certainly I will make a few remarks," said the cigar salesman who, because of his solemn garb, had been mistaken for a man of the cloth. Ascending the platform he said:

"Men are like cigars. Often you cannot tell by the wrapper what the filler is. Sometimes a good old stogie is more popular than an imported celebrity. Some men are all right in the show case, on display, are great disappointments when you get them home. No matter how fine a man is, eventually he meets his match. A two-fer often puts on as many airs as a fifty-center. Some men never get to the front at all except during the campaigns. Some are very fancy outside and are selected for presents. Others have a rough exterior, but spread cheer and comfort about them because of what is inside. But all men as all cigars, good or bad, twofers, stogies, rich or poor, come to ashes at last."

ASHES WILL BE SCATTERED AT MEETING OF STREAMS

Request Of John Lillard, Who Has Just Died At Harrodsburg, To Be Respected

Harrodsburg, Ky. July 5.—(Special.) John Lillard, 66, for fifteen years an invalid, died late last night, according to his own prediction, made repeatedly within the last month.

He was a charter member of the first crematory built in Cincinnati, and according to positive instructions given his two stanch friends, H. C. Wood and James T. Cook and which they promised him on the day preceding his death to carry out, his body was sent to Cincinnati for incineration.

Mr. Cook went to bring the ashes back in an urn. One day next week he will proceed to comply with a promise made Lillard, to carry the ashes to the mouth of Dix and Kentucky Rivers at the spot where the waters of the two rivers mingle, which is in sight of and a few hundred yards above High Bridge. A few friends have been asked to attend this ceremony which will not be accompanied with any form of religious rites.

Mr. Lillard was an eccentric bachelor afflicted by paralysis and his death hastened by locomotor ataxia.

He was a reporter for the Courier-Journal in Louisville during 1870 to 1874, after which he was for years a traveling salesman and known to druggists in every State in the Union. He was a collector of wide repute and left some rare specimens of archaeological and art wonders.

The death of Mr. Lillard has recalled to mind an incident which occurred the day upon which his mother passed away. His father, Benjamin Lillard, quite an aged man at the time, was so overcome at sight of his wife laid out in a shroud that he remarked to the friends assembled, "She's dead, and I believe I'll die and go with her," and laid himself down upon the bed and died in a few minutes. Their bodies were buried at the same time and in one grave in the cemetery in this city, where they had always lived.

The Way To Succeed.

Paraphrasing the words of Horace Greeley, "The way to succeed is to advertise." There is scarcely a notable commercial success that has not been built upon the solid foundation of advertising, and likewise, practically all good, clean, honest business that advances legitimately is successful.

Whenever you see a manufacturer co-operating with the retailers of this city or a group of cities or of all the cities in the United States in an advertising campaign on behalf of his merchandise you may safely make up your mind to three things—

First, the merchandise has merit.
Second, both the manufacturer and the merchant are progressive, dependable people with whom to do business.

Third, they are successful and merit your confidence and patronage.
Manufacturers are beginning to understand that the only way to create actual, "over-the-counter" demand for a product is to advertise it locally—in the newspapers.

President Wilson's Famous Limerick.

One of President Wilson's favorite ways of answering a question is to recite a limerick, of which he knows a large number, many of his own or his daughters' composition. Asked how many he knew, he once said:

"I don't know, but the other night when I couldn't get to sleep I began saying over all I knew, thinking it would put me to sleep. I counted as I went along and was in the twentieth when I dozed off."

In New York one day during the campaign Gov. Wilson was asked if he was going to a peace congress dinner at which President Taft was to be present. He replied:

"No, I'm not like the man so be-nighted; Who didn't know when he was slighted; But went to the party and ate just as hearty."

As if he'd been really invited."
Mr. Wilson is a great story teller. In private he keeps his friends in hours long gales of laughter. He uses simple words and strong words, but seldom slang. He loves nonsense verse and limericks and often reels them off while he is getting acquainted with his audience, for he talks with an audience, not to it. Mr. Wilson, as has been said, has a strongly individual face. Some people would call him homely. He was under no illusion about that matter himself. He told the people during his campaign for the governorship that they might as well prepare themselves for a busy governor, for the Lord never intended him to be ornamental.

The Best Medium.

Don't advertise on rocks and walls.
The ones who cut these capers
Get less return, as it befalls,
Than those who use the papers.

BEST EQUIPPED

Bottling Works

South of the Ohio River.

That all of the water bottled by our plant is distilled first, therefore it is absolutely pure.

That all of our drinks are bottled in clear bottles. That we have one of the most complete and might also add the most expensive washing outfits it is possible to obtain.

We do not use brown bottles for the reason that it is a self evident fact that it is easier to detect any dirt or other matter in a clear bottle than a brown one.

We bottle in clear bottles from distilled water, Mint Cola, Ginger Ale, Orange, Lemon, Strawberry and the other flavors.

Come in and see us at our plant and see how these drinks are put up.

Ask for Mint Cola and other drinks bottled by us and see that the name is on the bottle and crown.

The Consumptive At Home.

Caring for the consumptive at home is always fraught with great danger; in the early stages danger to the patient himself, in the later stages danger to the other members of the family.

In a few cases, however, circumstances are such that the home appears to have advantages, when considered from the patient's point of view, which are not easily overbalanced by the danger to the rest of the household.

In these cases, when the observance of proper precautions can be depended upon it is quite permissible to care for them in the home.

Every beginning case of tuberculosis should have the benefit of a few months' sanitarium treatment, and this for its educational advantages more than for anything else. In a good sanitarium the intelligent patient learns just how to care best for himself, the dangers to avoid, and the necessity of good food, fresh air and regular rest.

He also learns how to care for his sputum so that danger to others is reduced to the minimum. After such a training, he should be able to have things arranged in any home, so that his cure will progress without infecting the other members of the family.

Tuberculosis in the second and third stage is nearly hopeless, so far as the cure to the patient is concerned; and although nothing should be left undone that might better his condition, the main thought should be how to prevent the infection of others.

Karl de Schweinitz, secretary of the Pennsylvania society for the prevention of tuberculosis, gives the following instructions for the care of the sick room occupied by such invalids:

"Make the consumptive's sick room germ proof and you will do much to stop the spread of the disease. See that everything in the room is washable—even the furniture. Use wooden or cane-seated chairs and an enameled metal bed with a hair mattress. Have washable rugs instead of carpets. Carpets collect dirt and germs. The curtains should also be of simple washable material.

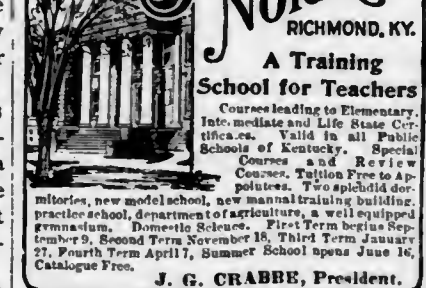

"Boil the patient's eating utensils after each meal. Leftover food should be burnt—not given even to the cat or dog.

"If possible, change a bedridden patient's sheets daily; blankets every month if protected by a spread; if not protected, every week. Before washing the sheets, boil them half an hour. Expose the blankets to sunlight daily for a week before cleaning them. Supply

paper napkins for the patient's sputum. After use these should be put into a paper bag and burnt. For cleaning and disinfecting use ordinary lye.

"If the patient is able to walk about, see that every room he occupies is as open as possible. A consumptive should not make the dining room or kitchen his living room. Children should not be allowed in the sick room. Tuberculosis is most often spread through lack of precaution in the home. Germs from the consumptive, unless care is taken, infect both the house and those who live in it. Therefore, keep the sick room sanitary."

Should these instructions be even fairly well carried out, the invalid can be made comfortable without danger to his family.

To The Farmers Of Kentucky.

In view of the increasing difficulty of securing suitable cattle for feeding purposes. It seems that the necessity is upon us to call a halt and consider the best means of supplying the market with a grade of cattle that will be profitable to the farmer and desirable for the shipper. Under the present conditions I think that the use of a pure bred short horn bull upon our grade jerseys would in the second generation give us good milk cows. A steer that would make a good feeder and profitable to the general farmer, and with improved methods of feeding and special crops for ensilage purposes and the elimination of our exhausting tobacco crop Kentucky would come to her own with a better fed, housed and educated people. An Old Farmer.
